FieldDayRadio](http://www.mixcloud.com/FieldDayRadio)

Field Day Radio sees experienced promoter Tom Baker (Eat Your Own Ears) host a radio show that gives a taste of the eclectic festival.

Episode three features an exclusive interview with Alex Kapranos (pictured) and Paul Thomson of Franz Ferdinand talking about how festivals should be so good you shouldn't need food. There's also a chat with Turner Prize-winning artist and musician Martin Creed revealing the inspiration behind his art work that involves vomiting, and lovely music galore.
